

THERMACELL®

Turn off mosquitoes.
Turn on summer.

Our homes are where life happens and memories are made everyday.

Why limit yourself to the constraints of your walls, windows, and doors?

Extend more parts of your daily routine and discover more special moments that await.

THERMACELL

From quiet morning coffee to spontaneous get-togethers, **LIV** is for anyone wanting to live life outside.

LIV is the first smart mosquito repellent system of its kind – combining protection and ease of use for the ultimate backyard addition. LIV provides mosquito protection where you want it, when you want it. From the leaders in spatial repellent technology, LIV is a backyard staple for entertainers, smart home enthusiasts, and anyone who wants to enjoy the morning paper without swatting mosquitoes with it.

WHAT OTHERS ARE SAYING

"So easy and effective" - Bill S. Florida

"Set it and forget it." - Paul M. Massachusetts

"Perfect Protection" - LFLR0007 Pennsylvania

"This has to be the world's best insect repellent."

"Dinner with family and friends has changed forever" - John B. Texas

CES® 2022

"I would have never guessed how it has changed our lives. The bottom line is now we're using our patio any-time the weather allows. It's so easy to use - takes less than 3 seconds to open the app and turn it on. And I can honestly say, as long as we wait about 12 minutes, we never see a mosquito." - Edgewood Patio People

AVERAGE CUSTOMER REVIEW: 5.0 STARS

"This is a no brainer... a whole new outdoor experience."
